

PRESS RELEASE

NEW KESSLER OFFICE IN SION

Sion, September 28, 2022 – Kessler, the leading Swiss enterprise specializing in comprehensive risk, insurance and pension benefits consulting, will take the next stage in its development by opening a new office in Sion on October 1, 2022. This will see Kessler extend its presence to ten sites throughout Switzerland and Liechtenstein.

“Being close to our clients is a matter of course for Kessler,” stresses Bernard Perritaz, member of the Executive Committee and responsible for French-speaking Switzerland in the publication ‘Risk & Insurance Insight 2022’. “With the opening of the Sion office, this is now more relevant than ever.”

Kessler has assigned regional responsibility for its new office to the Valais-born trained attorney Cédric Poli, who has held the position of Liability Insurance Broker and Client Executive for almost ten years now.

The current premises will first undergo work entrusted to a regional architectural firm to make room for a modern and welcoming office that meets the specifications of the family-owned company. A total of six Client Executives and Brokers in various insurance fields will start working there from January 2023 onwards.

Kessler wants to contribute to the lasting success of Valais-based enterprises with its experience and know-how in the field of risk management, insurance and pension benefits, with a view to becoming their partner of choice in these areas.
